

# human resources

Our human resources recruitment service has been developed to support the vibrant market for HR professionals. As greater demands are placed on industry to develop and improve HR policy, the need for experienced experts continues to grow. To reflect this need, we recruit at all levels within this core business function from entry level Administrators to HR Directors, both permanent and temporary.

## our promise

We guarantee a reliable and proficient service where your business will be professionally represented throughout the recruitment process.

## our service tools include:

- Dedicated, single point of contact
- Personalised recruitment process
- Job specification analysis
- Candidate evaluation and profiling
- Key competency and cultural identification
- Complete process management

Our approach is to build a complete picture of your business, which includes your market placing, your culture, your department and your specific needs. From this we are able to provide the best recruitment solution to ensure you are presented with the most appropriate candidates available.

## our available resources include:

- Comprehensive database of candidates
- Extensive networking capabilities
- The ability to provide fully managed advertising campaigns
- Wide-ranging HR recruitment experience

innovation • energy • commitment • quality
